Description

NEW LISTING!!!

Ranger Tugs introduced the 29-foot model of their popular tug boat-style pleasure craft in January of 2009, and the company that's known for offering a safe, stable vessel with generous creature comforts has remained true to its tradition of offering more than you'd expect.

This Ranger Tug is like NEW and substantially lower in price than a new Tug!!!

You owe it to yourself to look at her before you buy another Tug!!!

If you look at this vessel you will buy her - that's right this boat is that nice!!!
