## Description

### PRICE REDUCED!!!

This Willard has been cruised in Alaska. She has covered 100 miles to 200 miles in a one week period. The current owner has taken over 290 friends and family members on Alaska cruises. Puffin has by now carried the current owner and guests about 31,000 miles without a serious problem. Selecting a vessel for this kind of activity needs to meet four criteria - 1) Reliability, 2) Safety, 3) Seaworthiness, and 4) Range Without Fueling. This Willard Vega Nomad filled the above criteria perfectly. The proof is in the number of trips made with no serious issues.

This special rare vessel is now available only here in the Anacortes area and she is ready for her next caretaker that will take her and guests on the special cruises in the San Juan Islands, Canadian Gulf Islands and Desolation Sound.

## Information & Features

### Dimensions

LOA: **33 ft 4 in**  
Beam: **10 ft 6 in**

### Accommodations

Heads: **1**

## Specifications:

- LOA - 33' 4"
- LOD - 33' 4"
- LWL - 27' 6"
- Beam - 10' 6"
- Draft - 3' 6"
- Displacement - 16,000lbs.
- Hull Production # 029
- Hull Construction - Solid Hand-Laid-Up Fiberglass  
Painted with Awlgrip - Use Awlcare to Clean & Polish Hull
- Decks Construction - Cored Fiberglass  
Painted with Awlgrip - Use Awlcare to Clean & Polish
- Cabin Sides Construction - Cored Fiberglass  
Painted with Awlgrip - Use Awlcare to Clean & Polish
