Description

PRICE REDUCTION!!!

REBUILT DIESEL ENGINE!!!

Lynn Senour designed the Nordic Tug Hull for the pleasure boat cruising market. These boaters are looking for specific features in a boat that all start with the word "seaworthiness". This hull does everything well. The fine bow entry, very little bow flare, full length deep keel, deep forefoot and a not overly aggressive beam to length ratio like so many of today's boats. This allows Nordic Tugs to go through the water with very little effort in a manner similar to a displacement hull boat. These features along with a hard chine and semi flat aft section provide a ride that reduces roll, does not pound and keeps your fuel burn to a minimum. In addition the Nordic Tug has excellent sea keeping qualities in a following sea due to the beautiful round reverse transom that sheds water and provides superior strength to the boat.

Information & Features

Dimensions

LOA: **29 ft**
Beam: **9 ft 6 in**

Accommodations

Heads: **1**

Specifications:

- LOA - 29'
- LOD - 26' 4"
- Beam - 9' 6"
- Draft - 2' 3"
- Weight - 7,100lbs.
- Headroom - Pilothouse - 6' 4"
 - Salon - 6' 2"
 - V-Berth - 6'
- Boat Height - Waterline to Pilothouse Top - 9' 6"
 - Waterline to Highest Point - 11' 1"
- Freeboard - at Pilothouse Door - 3' 4"
 - at Cockpit - 3' 1"
- Hull - Semi-Displacement
- Designer - Lynn Senour

Tankage:

- FUEL - 100 Gallons in 1 Aluminum Tank with Dip-Stick Gauge
- DOMESTIC WATER - 100 Gallons in 2 Tank - Port Tank Located Below the Wood Stove and Starboard Tank located Under Dinette Seat & 45 Gallons in 1 Poly-Plastic in Starboard Lazarette with Pump and Hose to Refill Main Water Tank
- HOT WATER HEATER - 10 Gallons - Engine or 120Volt DC
- WASTE HOLDING - 20 Gallons in 1 Tank with 12Volt DC Macerator Pump
