## Description

### NEW LISTING!!!

Built on the same platform as the very successful 5200 Express, the Tiara Sovran 5200 Salon greatly expands interior livable space without sacrificing any cockpit area. Cruising enthusiasts will enjoy the comfort of the portside Flex Steel leather couch with dual reclining seats as well as the beautifully finished natural wood cabinetry and solid teak flooring. The wood cabinetry adjacent to the couch holds the wetbar, complete with sink, prep area and refrigerator. Also hidden away in the cabinet is a 22-inch flat panel TV that rises at the push of a button. Theater quality sound, satellite TV system and standard DVD system complete this entertainment. The 5200 Salon offers spectacular views through the large windows that enclose the area. Not only is the salon climate controlled, passengers can also enjoy the sun in their face and the wind in their hair all at the push of a button with a large electrically controlled, tinted sunroof, drop down aft window and windshield with opening center section. The cockpit retains all the features of the 52 Express: molded-in aft facing seat (with engine room access); molded-in forward facing bench seat; multi-purpose concealed custom cockpit tables; transom stowage compartment; and fixed 60-inch swim platform.
