Description

NEW LISTING!!!

By Appointment Only

A classic mid-century flying bridge style diesel motor yacht built on a trawler hull form designed by Ken Smith and built by American Marine Ltd., in Singapore. She has a hard chine, semi-displacement hull with a deep, full midsection and prominent keel with the garboard line angling up towards the stern. Her carvel planked mahogany hull is bronze fastened on sawn oak frames. The vessel's upper works are constructed from quality boat lumber.
