Specs & Photos Available on West Yachts Website

The 40' Tollycraft Tri-Cabin Motor Yacht was the first big yacht ever built by Tollycraft. A conservative roomy design with galley, dinette & lower helm in the salon including large wrap around windows allows this vessel to live-big inside. Sliding side doors are located port & starboard in the salon. The aft stateroom is particularly spacious with a double berth and a single berth along with direct access to the cockpit.

Tollycrafts are a high quality vessel that were built specifically for the Pacific Northwest Market. So this is a great cruiser for the Puget Sound, the San Juan Islands, the Canadian Gulf Islands, Desolation Sound and Alaska.
