Description

PRICED TO SELL !!!

BY APPOINTMENT ONLY

Because the Catalina 36 is easily handled by a couple, has a big comfortable cockpit, a spacious interior with two private cabins and the integrity to pursue cruising dreams. Many experienced sailors consider the Catalina 36 the perfect boat for their sailing lifestyle.

The Catalina 36 Mark II has all the important characteristics that made the original the most popular thirty-six foot sailboat in the world. The new Catalina 36 Mark II is built in the same seakindly moderate displacement hull that tracks surely and performs well in a variety of conditions. The deck is the classic trunk cabin configuration designed by sailors, not stylists, so it's proven, comfortable and functional.

The 36 is the evolution of this successful design and incorporates the refinement that is possible only after building over 1,700 36's and listening carefully to owners comments and suggestions.
